DETAILED ACTION

Board Decision

1. The Board Decision dated May 30, 2006 reversed the Examiner's rejections.

Allowable Subject Matter

2. Claims 1-6,8, and 10-20 are allowed.

Examiner's Statement of Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:

Prior art was found which discloses registering user information regarding hardware and software products, and monitoring a user's computer system regarding the hardware and software associated with said computer system. The prior art also discloses that the registration information can include personal information about the user (Todd et al. US Patent Number: 5,867,714; and Fawcett US Patent Number: 5,845,007). However, as per the Board Decision dated May 30, 2006, the transmission of the collected information for marketing purposes to a third party vendor that sells products which may be of interest to the user is not an obvious step.

Any comments considered necessary by the applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
